

Groundwork Trust

MGA Marketing Ltd has been employed by the Groundwork Trusts in Manchester to undertake Telsales activity with a variety of companies in order to acquaint them of our Products and Services or to invite them to a variety of Training and Awareness Raising Events.

The Results obtained from using this company are truly pleasing with them being able to engage with above average levels of potential clients, provide them with a clear understanding of what is available and make the necessary bookings either for attendance at an Event or for one of our advisor to undertake a Resource Efficiency Review.

These bookings are of a good quality and have allowed us to fulfil the taxing requirements of our contract with Enworks/NWDA.

Staff employed by this company provide a very good service, are helpful whenever we are in contact with them and have taken the trouble to understand the services we provide and how they might be utilised by a large number of clients.

William J Trevethan  
EBDS Director.  
Groundwork Trust (Manchester Salford and Trafford)
